SUBJECT

: Shouling of Typhoon Photographs at the 177th Heating of the American Meteorological Society

- 1. On 27 March 1959, Dr. Robert D. Fletcher, Director of Seigntific Studies, Air Veether Service, USAF, will give a film slide presentation before the 177th meeting of the American Mateorological Society at Chicago, Dlinois. The subject of his paper vill be "Upper Atmosphere and Space Mateurology."
- 2. The film slides to be utilized in this presentation were made smullable to Dr. Fletcher by the Project Challes Cover Officer and were reproduced from estual photographs of Typhoone KIT, IDA, and WDRIE, taken by means of the U-2 strereft.
- 3. Dr. Fletcher's brief lecture is actually intended to support the cover of Project CHALICE. He will endeavor to descriptivate to the establishe commentty how the current typhoon study program has produced the first evidence of storm conditions as they appear from shove. Such evidence will be stated as contributing immensurably to programs whilining metallites which are destined to be the future notes for locating and identifying storm conditions on a world-wide bosts.
- 4. It is enticipated that the presentation will cause come excitement manag entence writers covering the AMS meeting. In all probability Dr. Flotcher will be requested to release photographic equies of his slides. It is our recommendation that he refer such requests to the Office of Information Services, UAF, Washington, D.C. as the official releasing authority. Dr. Fletcher has so agreed.
- 5. In view of the expected situation cited shows, it is requested that you econtinue the recommended procedure with sejor
